Introduction District West

The building is expanded and transformed into a 13,150 sqm LFA sustainable multi-tenant landmark with spectacular panoramic views.

Mediahouse, with its 20,000 sqm LFA renewed office, is the first company at District West.

This former printing factory will be transformed into a 10,500 sqm LFA state-of-the-art office building with a focus on circularity.

About District West

In close vicinity of Amsterdam Sloterdijk train station and the city center of Amsterdam, District West offers a flourishing playground with over 50,000 sqm LFA of flexible office space, services and facilities in accordance with top-notch ESG standards.

Sustainably built for wellbeing

Our aim is to deliver a net zero carbon District West. We strive for the highest certifications possible and will operate sustainably throughout the campus' lifecycle.

Join our community

People who enjoy where they work are more productive and loyal. It's around this philosophy that District West positions the community platform at its center. Be part of a value network where members connect and co-create.

Make life at work good

We offer professional on-site management with extensive programming of facilities and activities.

The green ambition

- Preservation of existing vegetation
- Enhance the buffering aspect (density).
- Integration of aromatic planting along the seating edges.
- Planting with high seasonal aspect significant flowering.

Sustainably built
for well-being

bGrid

bGrid introduction

Lighthouse uses hard and SMART data provided by the bGrid technique. With a network of multi-sensors installed in Lighthouse, bGrid collects data and provides tenants (business owners as well as employees) with actionable insights to help them improve the operation of their office. The SMART office to achieve your sustainability goals.

Adapted climatization

Climatization that adapts to forecasted utilization and comfort patterns. It stops climatization of rooms that are not being used. It also adapts to human behavior.

Saves **>20%** on energy consumption whilst improving comfort.

Focus on facility management

Improved tenant experience: Efficient, real-time pro-active and data-driven facility management, instead of old-school opinion-driven and reactive facility management.

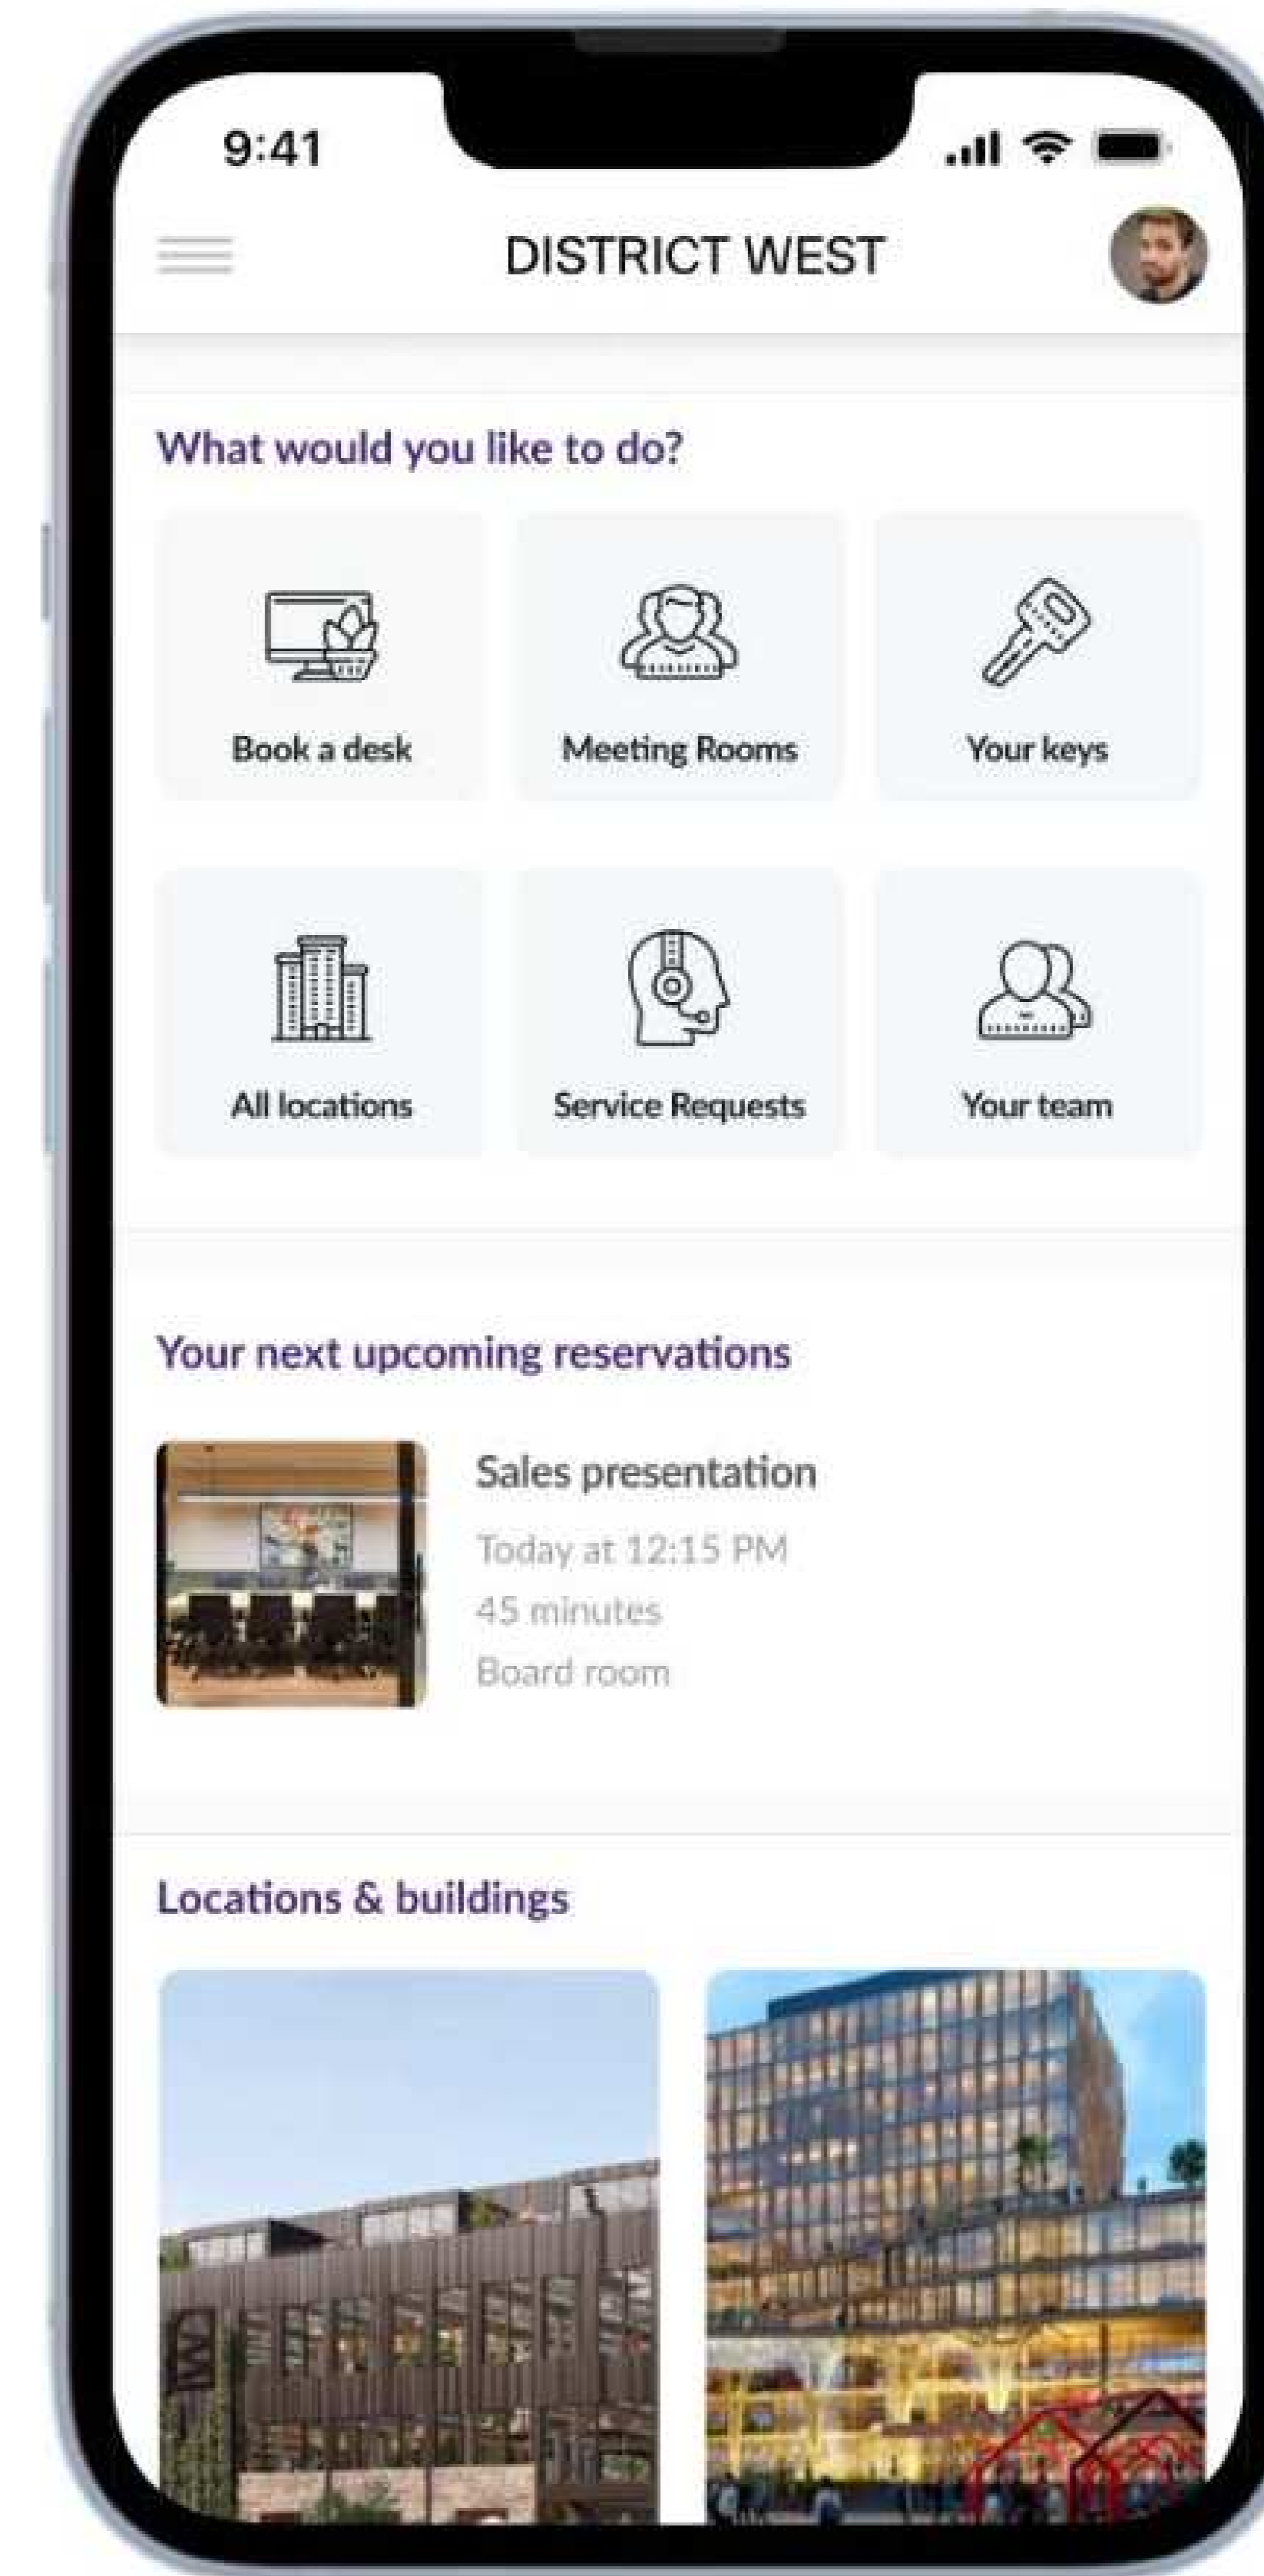

Data driven issue reporting; easily identify rooms with structural issues; create data-driven tickets; Deep-dive into root-cause analytics; avoid ineffective maintenance costs and quarterly reporting.

Occupancy insights

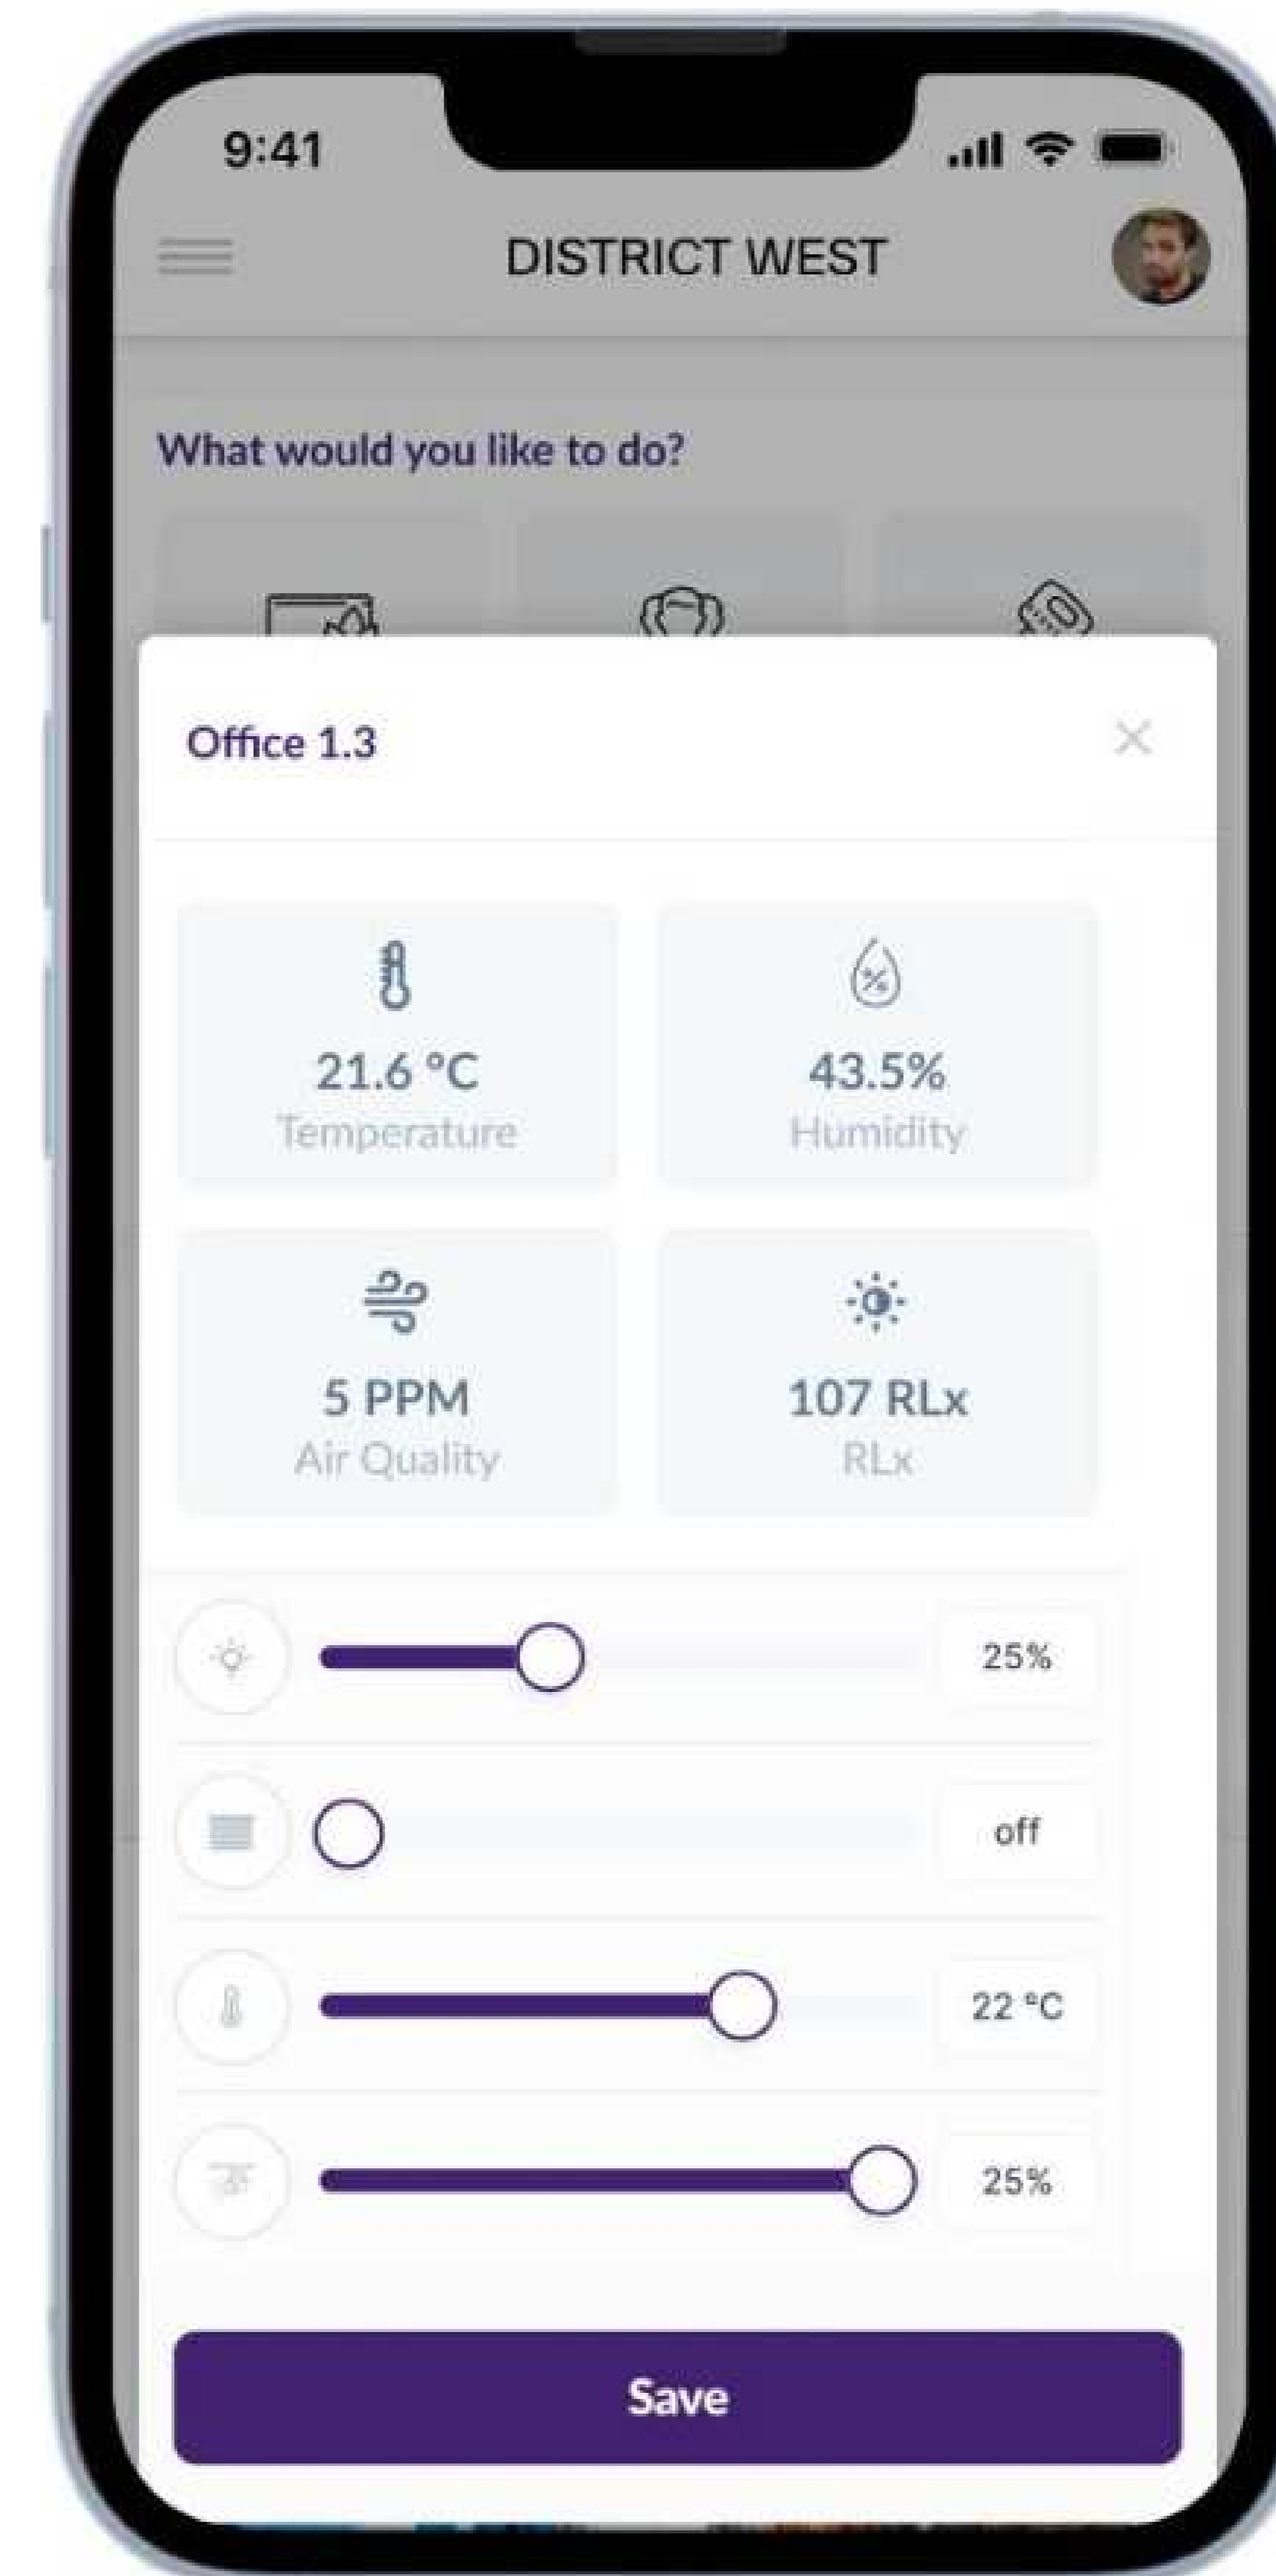

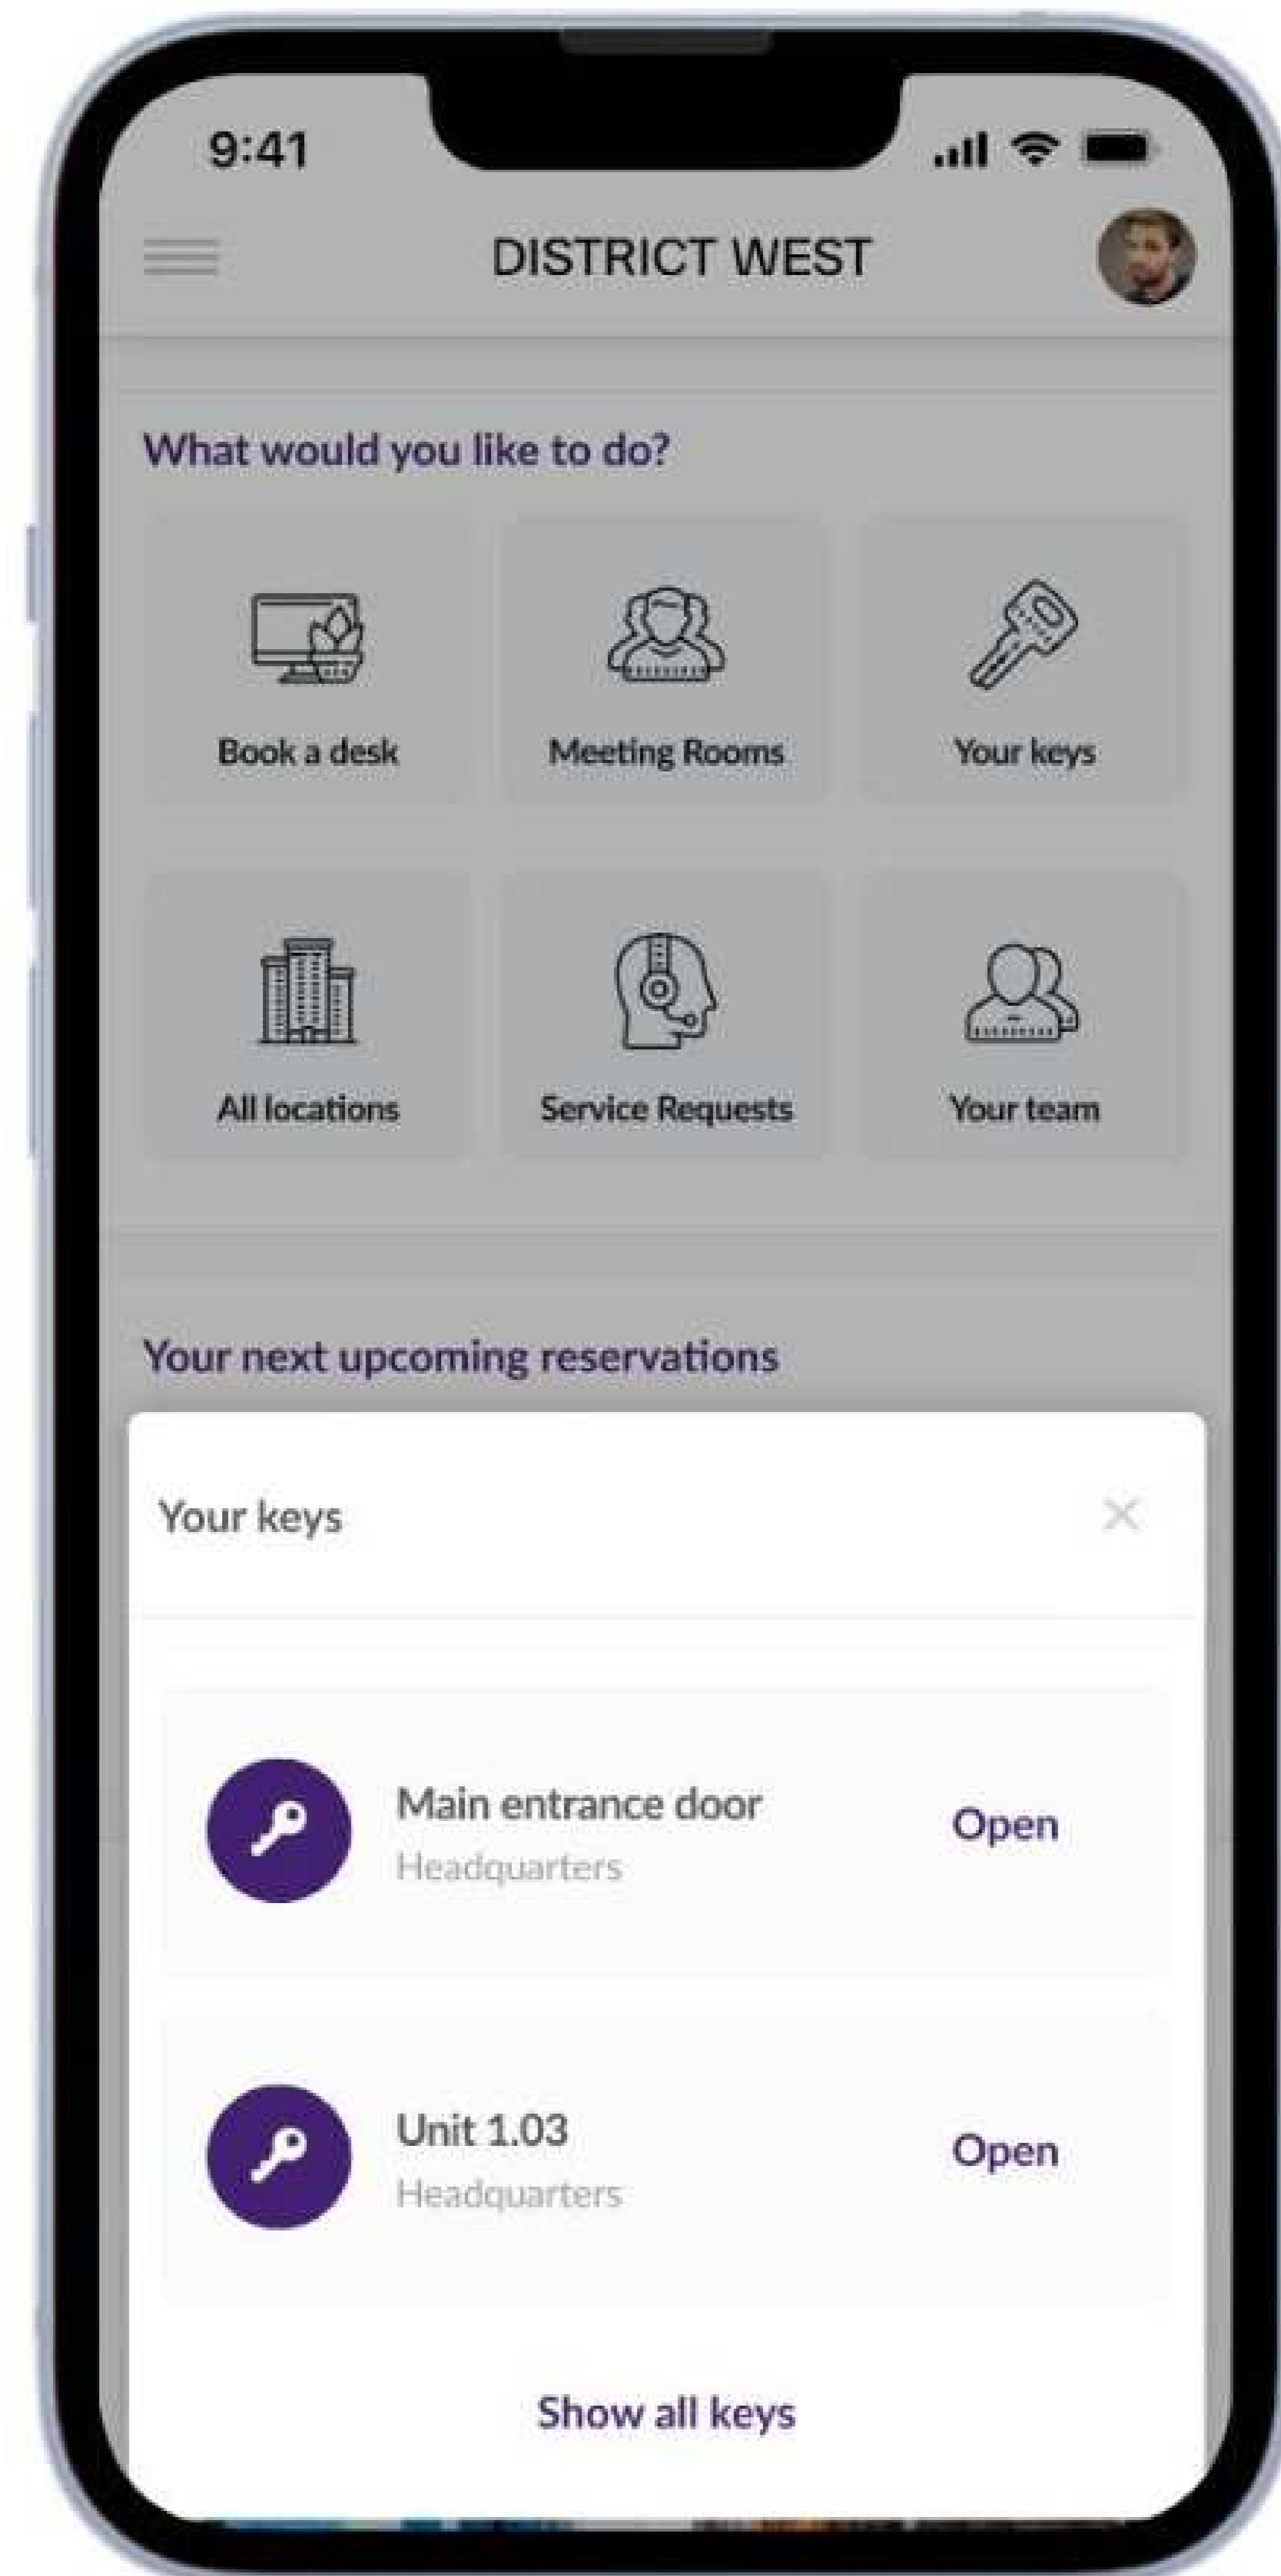

Know what you use and what you need. Hard data on occupancy, utilization, health & comfort. Act on business insights and historic analytics. From opinions to facts.

Facilities

On-site community management

Meetings & events

Several roof gardens, the public square and the Atrium: District West offers a large variety of venues to organize seminars, event spaces or parties.

Hospitality & services

Reserving your event space or organizing your annual summer BBQ? The District West community manager will take care of it.

Programming & curating

Professional management will be responsible for organizing daily sports, culture, education and entertainment programs on site in close collaboration with members of the District West community.

Allowing to share values, knowledge and boost connection.

Sport & Wellness

The latest fads and coolest sports. From yoga sessions to crossfit classes and rooftop boxing clinics. All to be able to stay mentally and physically at your best.

A walk on the Green Mile can also work wonders as a break during the day.

Bars & restaurants

Healthy and super tasty. Local, organic and seasonal. Of course, banqueting can provide a desk delivery or you can use the bar for Friday afternoon drinks.

The catering partners at District West are chosen very carefully and bring flavor, experience and contemporary thinking to the District West Community.

Where ambition
and inspiration go
hand in hand

A flexible adaptive community focused
on the demands of tomorrow.

ESG

ESG

Our aim is to deliver a net zero carbon District West. In order to make a positive impact on the actual living conditions and community of District West.

We monitor and share ESG compliance, use timber construction, supply a zero carbon heating network and use smart technology to reduce energy consumption.

In our ESG Convenent
you can find all information
about our ESG targets on:

- Environmental governance
- Social governance

Location and accessibility

A stone's throw from Amsterdam Sloterdijk Station

With great cycling routes to and from Amsterdam city center. Located on the A5 motorway, which connects to the A2, A4 and A10. And just a short train ride from Schiphol Airport. However you travel, all routes lead to District West, a fantastically well-connected location.

On-site parking is available with plenty of electric charging points, of course, fulfilling our commitment to sustainability.

Accessibility

-  5 minute walk | Sloterdijk Train/subway station
-  15 minute bike ride | Amsterdam City Center
-  18 minute car ride | Schiphol Airport
-  6 minutes by train | Amsterdam Central Station
